The purpose of these funding schemes is to encourage and give support to people by making finance available, which will enable them to undertake training or study in order that they may better develop their skills and talents for the advantage of New Zealand Theatre in general or which will enable them to organise a workshop, seminar or training programme designed to enhance skills in theatre or which will assist them to undertake major projects with regard to up-grading theatres, or installing equipment.

There are separate forms for all three schemes.

Applicants for all the schemes must be a current paid-up member of a theatre group financially affiliated to the New Zealand Theatre Federation, or an individual member of the New Zealand Theatre Federation

Application must be made on the forms provided by the Trust

A completed and signed application form implies full understanding and acceptance of all the conditions and criteria for which it is awarded.

Applications can be lodged with the Secretary of the Trust at any time.

By accepting the funds, successful applicants to all three funding schemes agree, at the completion of the activity undertaken, to furnish the Trust with a written report detailing the outcome.

Any monies awarded may be used along with any other funding obtained from other sources.
